Comic Title:

Page:

Comic Title:

The page is a comic book template. It features a title box at the top, followed by four panels arranged in a 2x2 grid. The top-left and bottom-right panels are large and empty. The top-right and bottom-left panels are smaller and contain a speech bubble and a thought bubble, respectively. The speech bubble is a simple oval with a tail pointing to the top-right panel. The thought bubble is a cloud-like shape with a tail pointing to the bottom-left panel. The entire page is enclosed in a rounded rectangular border.

Comic Title:

A comic strip template consisting of several panels and speech bubbles. At the top, there is a rounded rectangular box for the 'Comic Title'. Below this, the page is divided into three rows of panels. The first row has two rounded rectangular panels. A speech bubble is positioned between these two panels, overlapping the right side of the left panel and the left side of the right panel. The second row has two rounded rectangular panels. A speech bubble is positioned between these two panels, overlapping the right side of the left panel and the left side of the right panel. The third row has a single large rounded rectangular panel. A thought bubble is positioned in the upper right corner of this panel. The entire page is a black and white line drawing.

Comic Title:

The page is a comic book template. It features a title box at the top. Below the title box are four panels arranged in a 2x2 grid. The top-left and top-right panels are connected by a speech bubble that points to the top-right panel. The bottom-left and bottom-right panels are connected by a thought bubble that points to the bottom-right panel. The bottom-left panel is significantly larger than the others, occupying the entire bottom half of the page.

Comic Title:

A comic strip template consisting of several panels and speech bubbles. At the top, there is a rounded rectangular box for the 'Comic Title'. Below this, the page is divided into three rows of panels. The first row has two panels, each with a rounded top-left corner. A speech bubble with a tail pointing to the right is positioned between these two panels, overlapping the right side of the left panel and the left side of the right panel. The second row has two panels, also with rounded top-left corners. A speech bubble with a tail pointing to the left is positioned between these two panels, overlapping the right side of the left panel and the left side of the right panel. The third row has a single large panel with rounded top-left corners. A thought bubble with two small circles leading to it is positioned in the upper right corner of this panel.
